

Links to Access City of Spokane Business Systems

When not at work or not connected through the VPN connection

Rev. March 2020

In order to ensure the best performance for remote and onsite workers, please only use VPN connectivity when necessary to access City resources not available on the Internet. Several applications you use day-to-day can be accessed from anywhere without connecting your VPN. These applications include:

Email via Outlook Web Access via <https://owa.spokanecity.org>

Personal files stored in your home directory* via <https://onedrive.live.com/about/en-us/signin/>

WebEx online meetings via <https://spokanecity.webex.com>

311 via <https://myspokane311.my.salesforce.com/>

CivicRec POS via <https://secure.rec1.com/account/login>

Duncan Parking via <https://apaccess.duncansolutions.com>

GovQA via <https://spokanewa.govqa.us/WEBAPP/ZAdmin/main/home>

HMIS via <https://www.clienttrack.net/spokanehmis>

IVOS via <https://spokane.esolutionsclient.com/ivos/login.jsp>

Linko via <https://spokanewa.linkotechnology.com>

M5 via

https://fleetfocus.assetworks.com/m5web/presentation/common/CSILogon.aspX?m5site=spk_prod

Parks WebClock via <https://cosdmzhcmweb.spokanecity.org/ps/signon.html>

PeopleSoft via <https://cosdmzhcmweb.spokanecity.org/ps/signon.html>

PMWeb via <https://spokanecity.pmweb.com/pmweb>

Probation Referral Tool via <https://spokaneprobationreferrals.org/>

ProcureWare via <https://spokane.procureware.com/home>

Rubicon via <https://hauler.rubiconglobal.com/>

SymPro's Gtreasury via <https://login-us.gtreasury.net/>

As a reminder, if you *do* need to use the VPN to access internal City resources, please remember that only business related Internet browsing is permitted. Do not access personal email or non-business related websites while connected. Thank you for your understanding.

*Not everyone's personal files have been migrated to OneDrive. If you are unable to access your files, please use the VPN.
